

MULTIPLE MAILBOXES

HIGH SECURITY

aspex

HIGH SECURITY

Our high security mailboxes have been designed to fight against mail theft which is more common than we think in residential buildings. All the following mailboxes protect residents against mail-fishing. The fortress models are for internal use only and are designed with a slim mail aperture. The shark featuring a 2 points locking mechanism is fitted with an anti-phishing device. Our DAD009 range the ultimate solution. Secured by Design certified with reinforced steel, a patented locking mechanism and a high security lock.

FORTRESS

FORTRESS 1

W. 375 mm
H. 155 mm
D. 250 mm

Aperture 340 x 20 mm

- + Slim mail aperture
